TREND BEYOND COLOURS 2022-23

**NIPPON
PAINT**

2022-23

FOREWORD

WELCOME

Forecasting and setting colour trends is a sophisticated work of science, creativity and inspiration. In collaboration with **Nippon Paint** and **Colour Hive**, the third instalment of **Trend Beyond Colours 2022/2023** progresses our development of a holistic inspirational guide for the world.

There has been a shift in behaviour across the world in the past year in response to global events that has encouraged us to see the world in a brand-new light.

RESET is a collective movement to ready us for what lies ahead, to draw a line, and simply start all over again.

In this **2022-2023** instalment, we encourage industries and communities to break free from the shackles of the past and start afresh. In being driven by our innate emotions we highlight the need for genuine human connections. Colours are a universal language and an extremely powerful tool to bring

people of all backgrounds and lifestyles together, across the globe.

In these coming chapters, we explore four influences and trend stories shaping the future of how we'll interact with colours through spatial design and other creative aspects of life. **RESET** sets the tone for us to select colour palettes that resonate with our state of mind and perspective of the world.

From within, we express an appreciation for **nature** and **wellbeing** through the play of colours. In interacting with others, colours inspire us to be **mindful** and genuine in building meaningful **connections**.

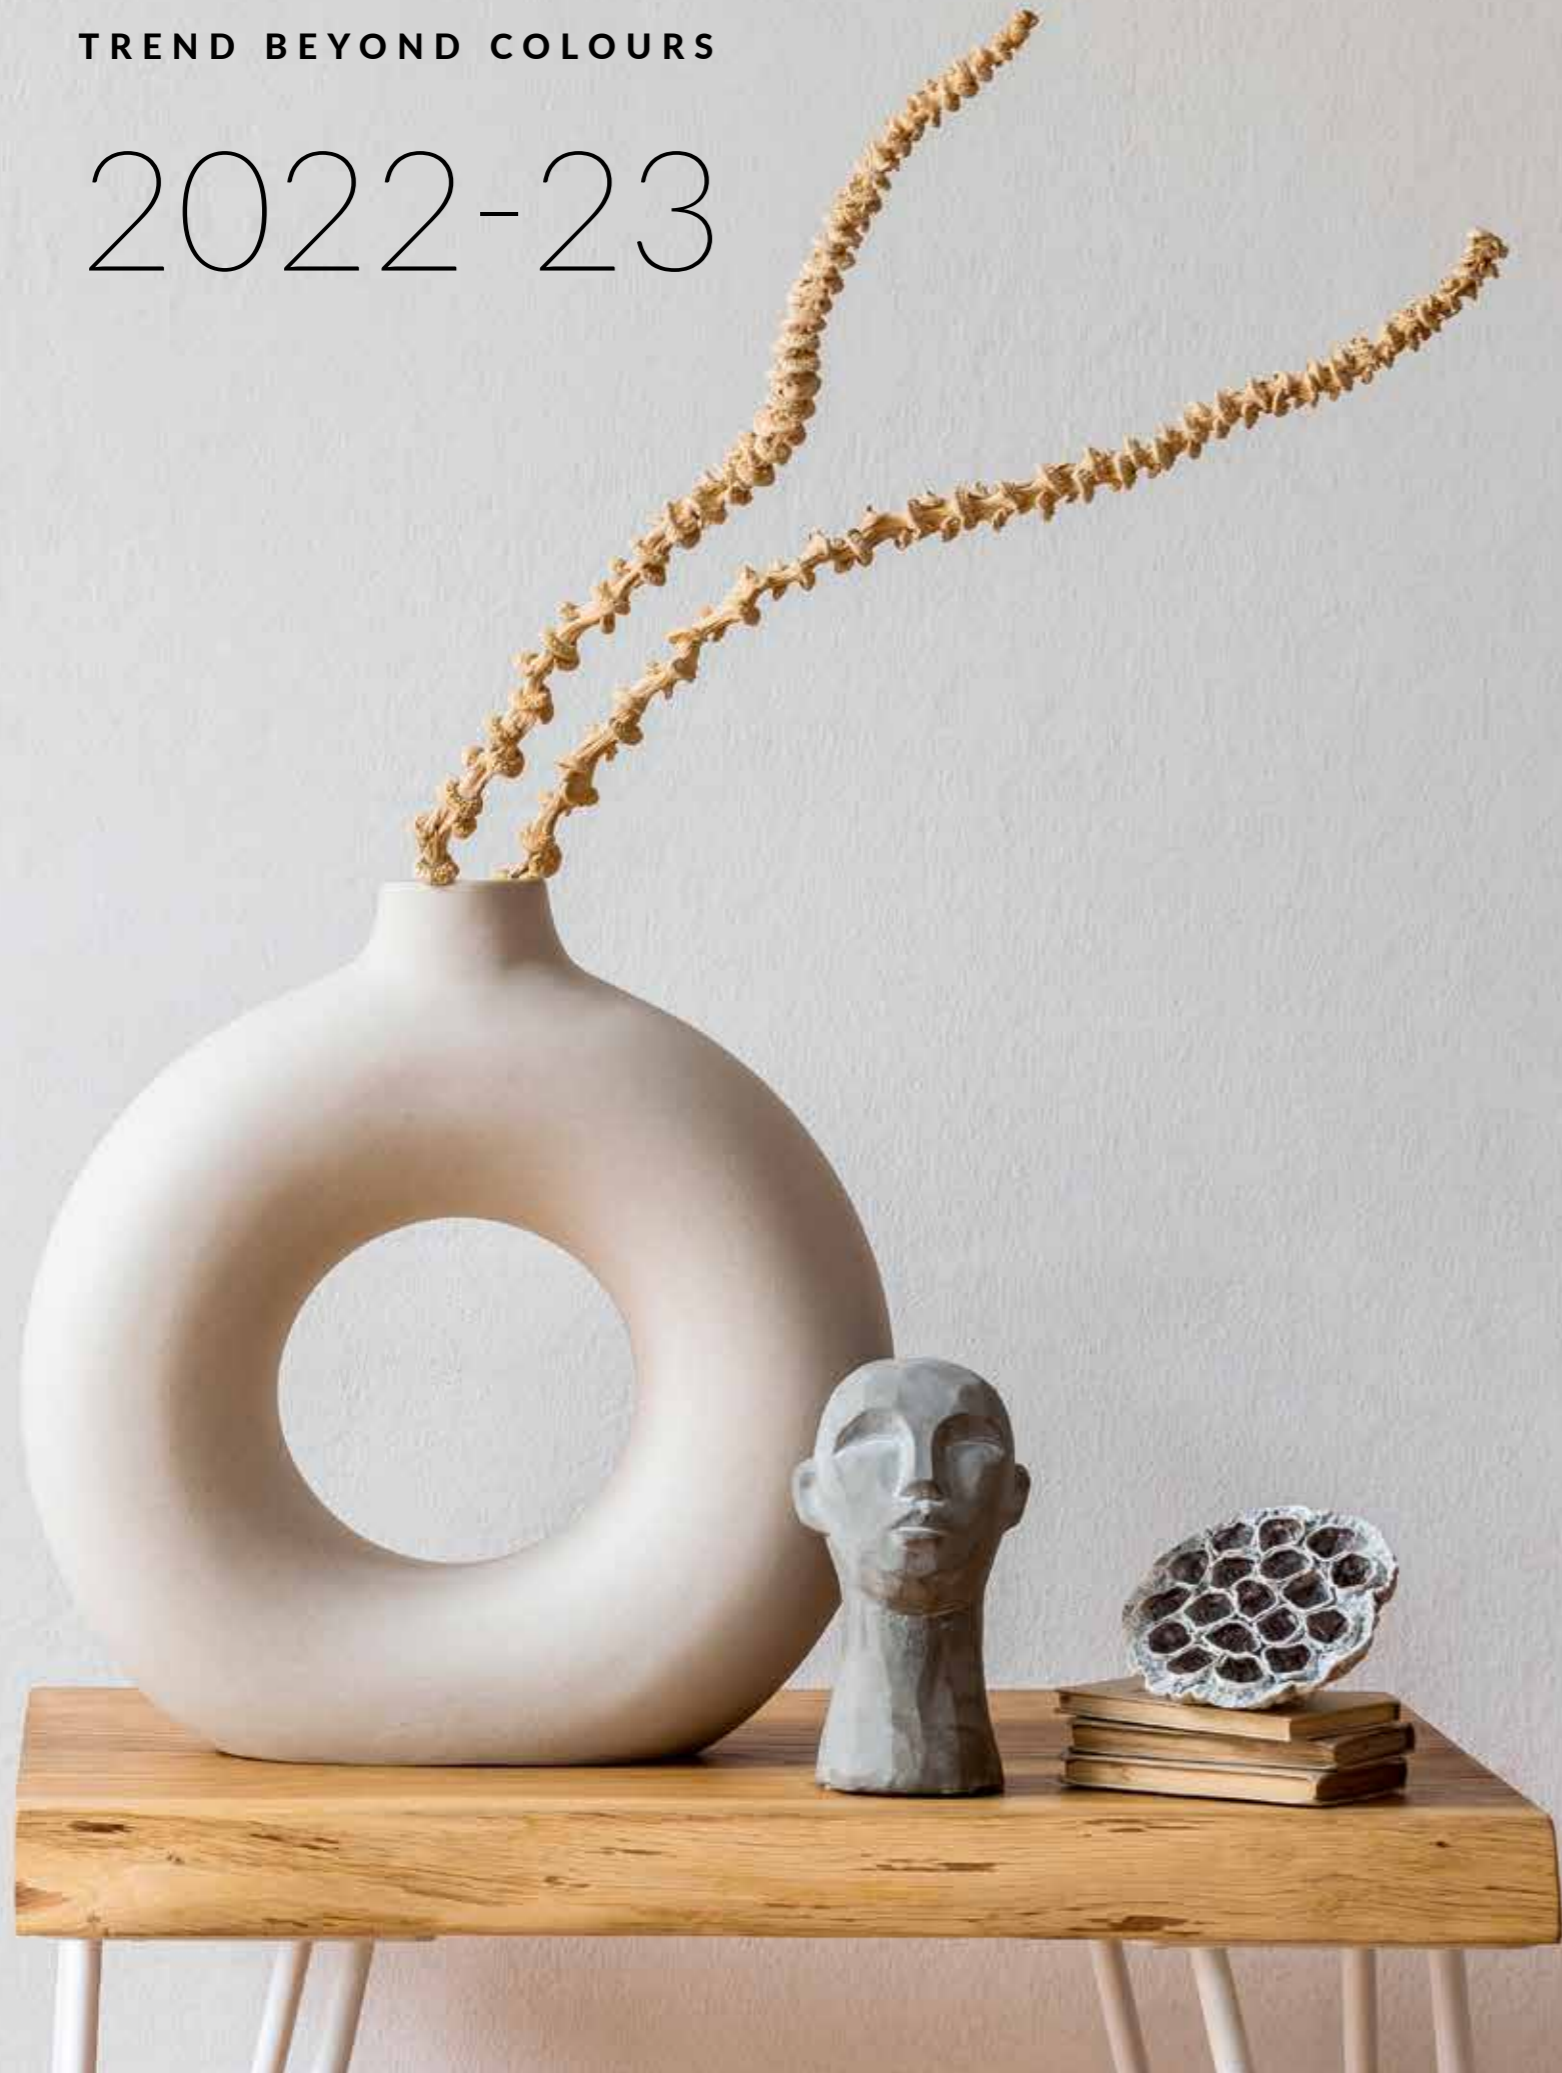

With this in mind, we have curated key colours from each of the four stories to help illustrate the essence of your creativity. We look forward to playing an imperative role helping you shape the world through heartfelt, relevant design and colour solutions.

Healing Nature

A better understanding of the **positive impact of nature** upon our health is influencing how we picture healthy living and working environments. A **growing consideration** for the **welfare of the planet** ensures that we combine this with a more sustainable approach.

NIPPON PAINT – TREND BEYOND COLOURS

/
Create a healthy home with the power of nature.

INFLUENCE – 9 – HEALING NATURE

REVIVE

Let nature in...

From *glorious sunrises* to the sound of *leaves in the breeze*, or the *sweet scent* of a fresh flower, nature stimulates all of our senses. The familiar colours of the natural landscape have the power to *restore our spirits* and *improve our health*, and this is the inspiration for **REVIVE**. Here, we discover how to bring all of the *benefits of nature* into your home.

/

Bring nature into your home with colours that connect with the great outdoors.

REVIVE / KEY COLOUR

/
A lush and vital green
to capture the natural
beauty of nature.

FOREST GREEN - GA4400-1

FOREST GREEN

GA4400-1

Being able to spend time with nature is **integral to our wellbeing**, making greens a vital colour for health. Inspired by **cool** jungle canopies and the **fresh** scent of leafy plants, we represent the **beauty of verdant nature** with a singular lush hue, **Forest Green**.

NATURAL / VERDANT / LUSH / HEALTHY / VITAL

All colours shown in this book are as close to the actual Nippon Paint colours as modern printing techniques permit.
*These colours are not available in Hong Kong and Taiwan

EVENING BLUE - BN7651-4

QUIET CONTRASTS

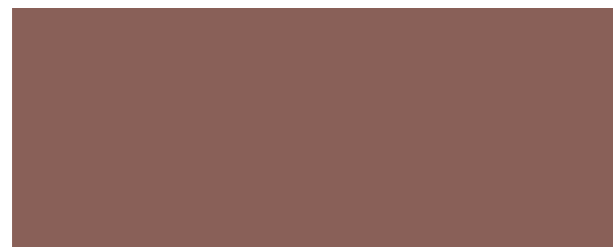

Be inspired by the rich and grounding warmth of **Wulong** with the perfect neutral balance of **Cool Yellow** and cool grey **Evening Blue**. In alcoves or as a feature wall, this earthy brown brings *definition and cosiness* to a neutral room.

/
Add warmth to your neutral scheme with a deep earthy brown.

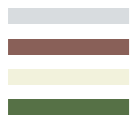

COOL YELLOW - GC4107-4

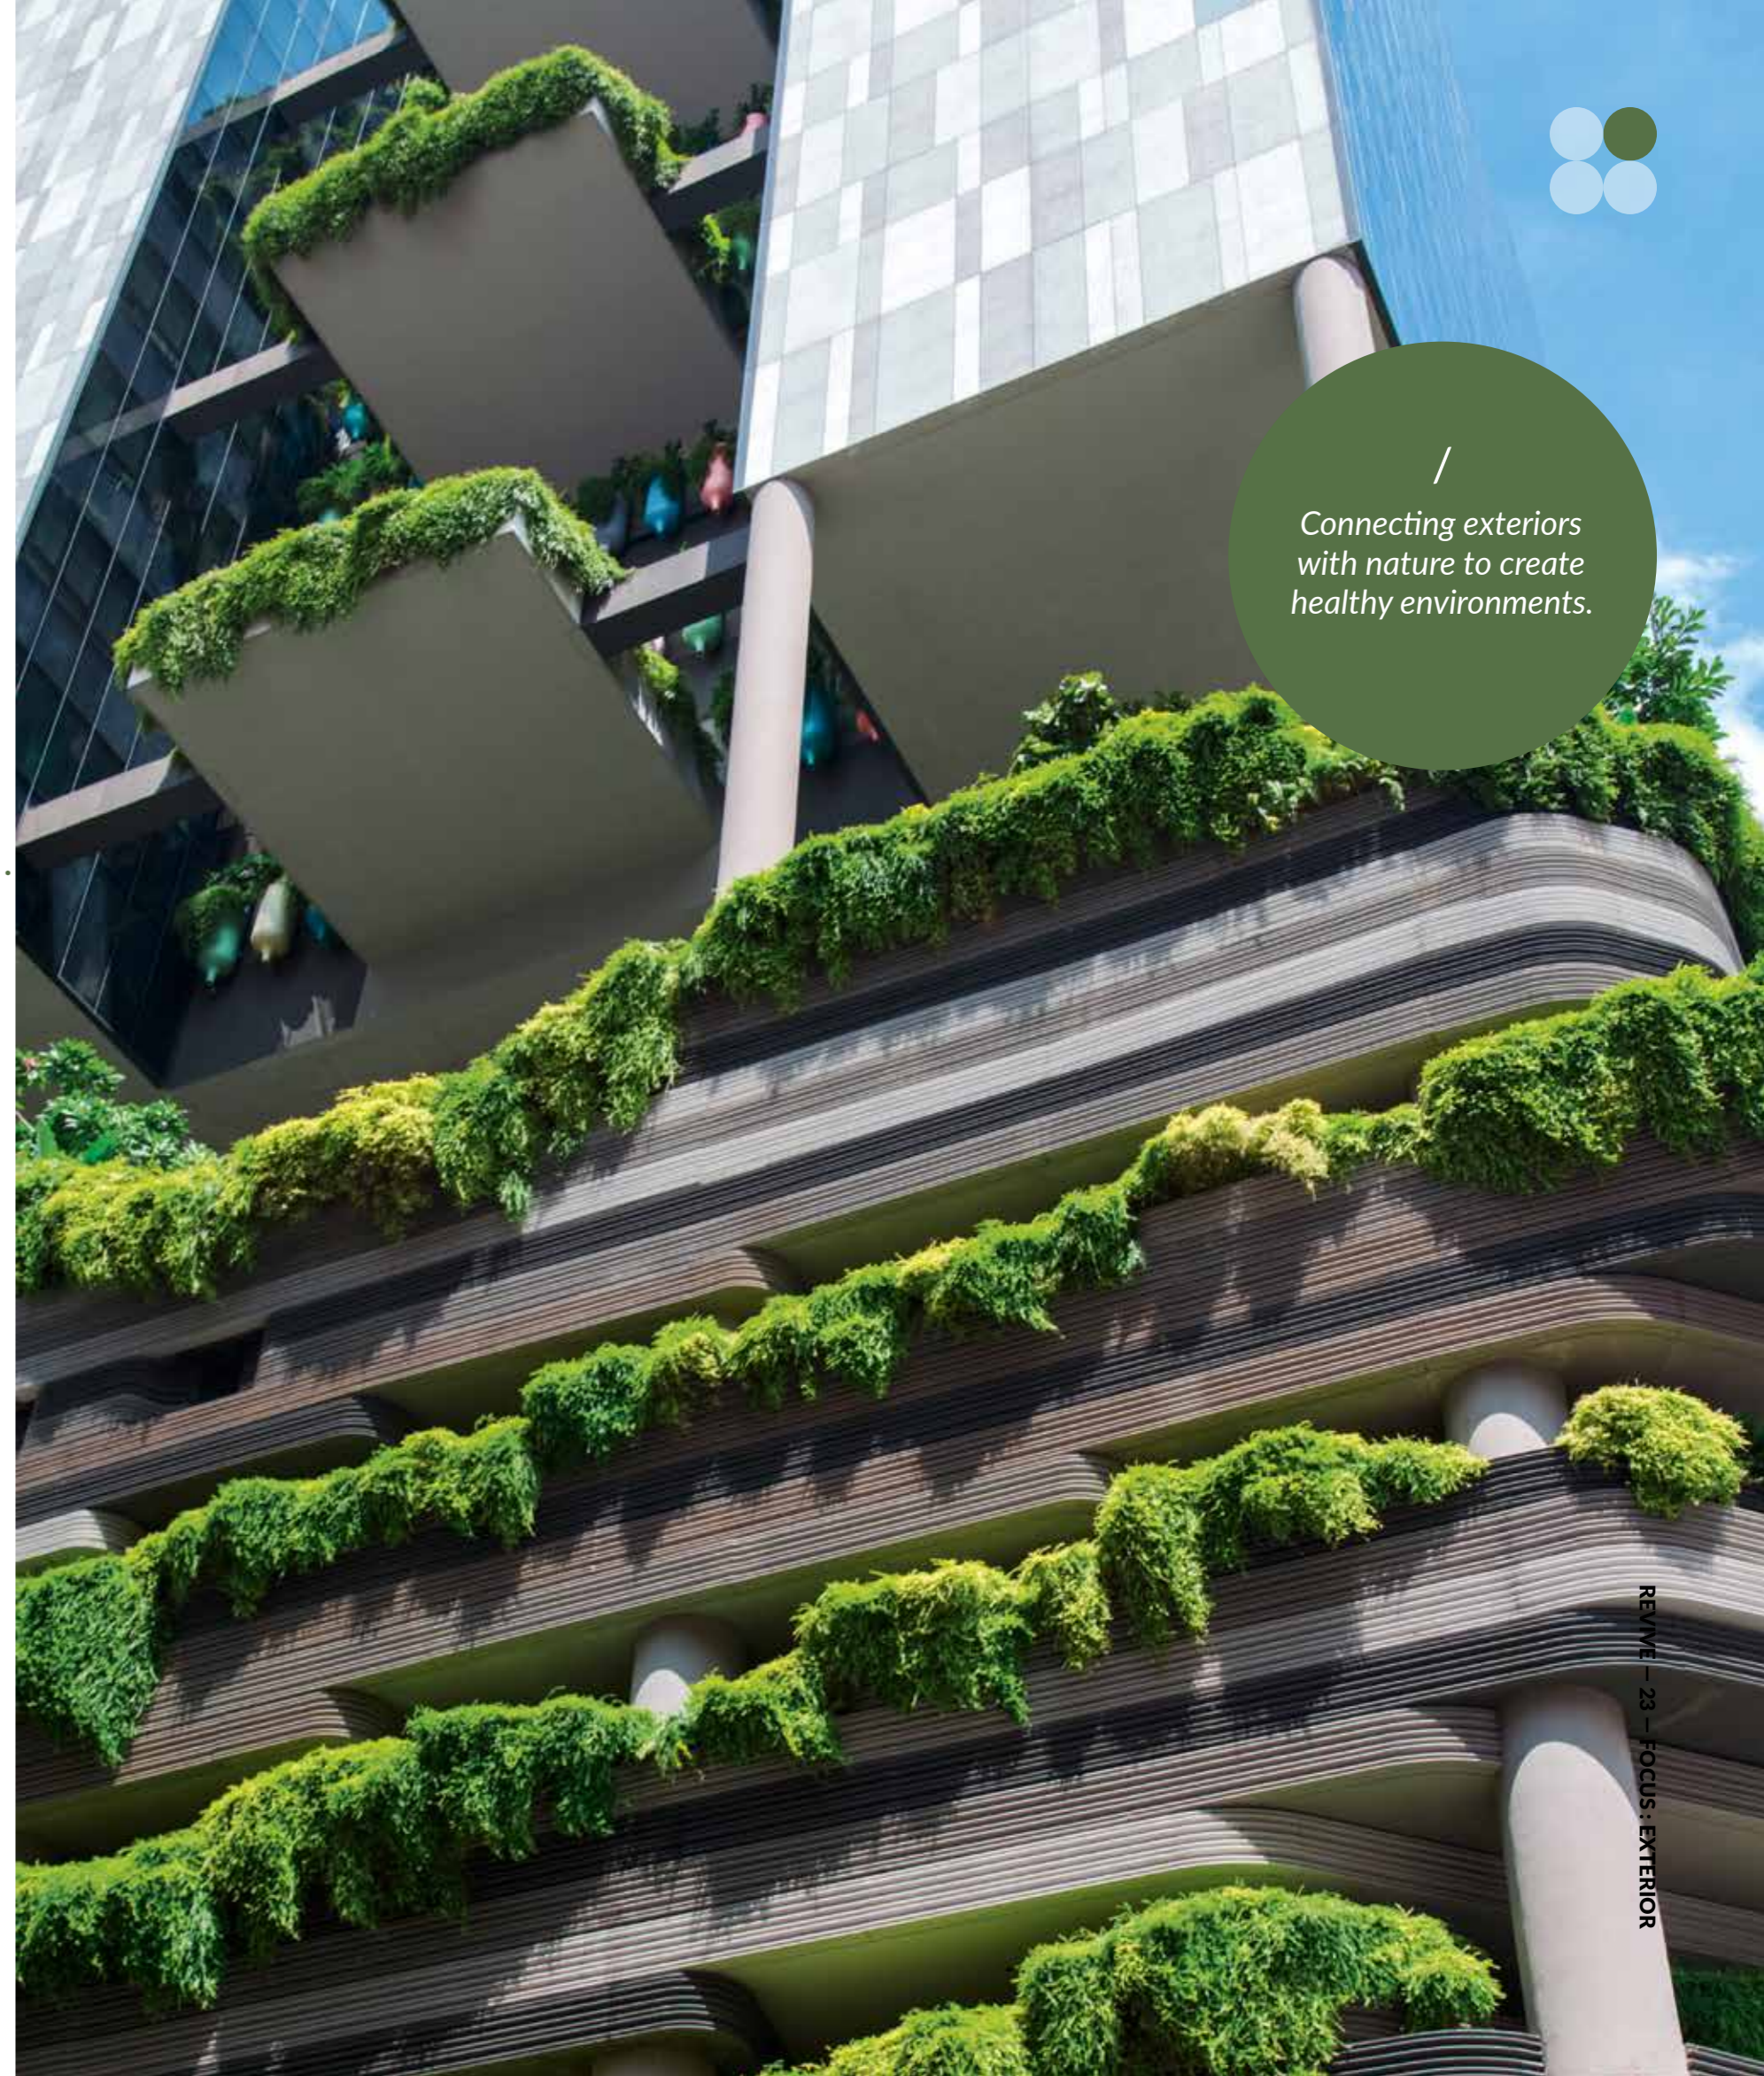

WULONG - NN0073-1

BIOPHILIC DESIGN

The benefits of biophilia in design increasingly inspire architects and interior designers. In *connecting* the exteriors of buildings with our *natural surroundings* we form a deeper bond with nature.

/
Connecting exteriors
with nature to create
healthy environments.

Be calm...

Modern living is hectic, and the world both inside and outside our homes can be noisy and overstimulating. To offset these effects, we should **look to restorative spaces** with gentle, nature inspired colours **and textures that soothe**. In RESTORE we explore how to enhance our wellbeing with a personal haven of **calm and tranquillity**.

/
Optimise your health with a tranquil space of gentle, natural colours designed to restore.

RESTORE / KEY COLOUR

MISSION ROSE - NN0810-4

/
A hushed and warm clay hue to soothe and calm.

What could be more *grounding and soothing* than *colours inspired by the earth*? Here, with the shaded pink of *Mission Rose*, we have found the perfect, *delicate* clay inspired tone to reflect the need for *gentle, restorative colours*.

RECONNECT / INFLUENCE

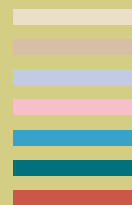

Better Together

We are social beings; whether we're collaborating at work, *creating lasting memories with family*, or simply passing the time with friends. Having been separated from each other we are *drawn to spaces that we can share* and appreciate together.

It's time to celebrate the joy of reconnection.

RECONNECT

Have a good time...

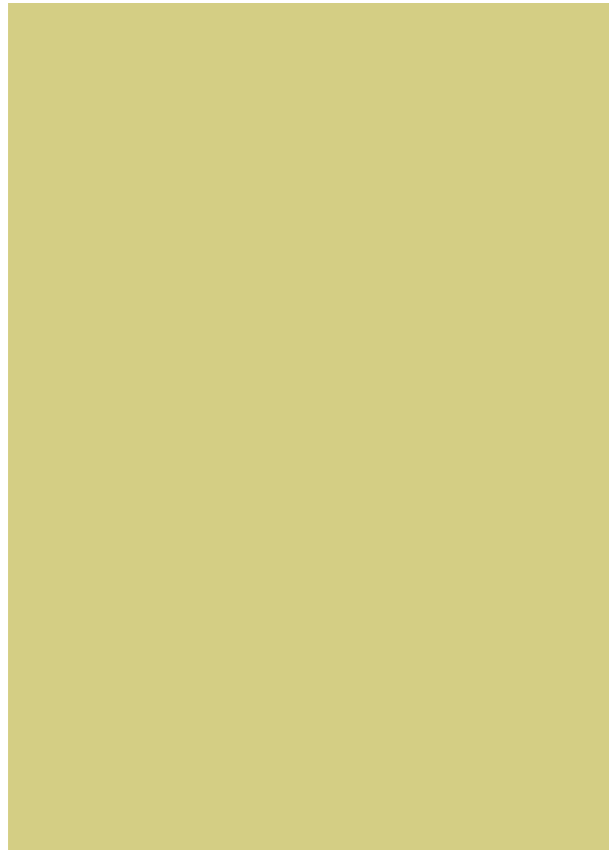

In **RECONNECT** we focus on how to use colour to create **joyful and harmonious** social environments. The key is in a balance of welcoming natural hues, cheerful mid-tones and invigorating accent colours. These are colours to **make us smile**, start a conversation, and **bring us back together again**.

/
Discover how colour
can create spaces that
bring us together.

COLOURS IN COMMUNITIES

Colours in Communities is Nippon Paint's global initiative in using colours to ignite positive change and transformation in the lives of people and communities. Colour has the power to heal, to empower and to inspire in the most ubiquitous way. Bringing colours into communities will always be a part of Nippon Paint's DNA as we continuously spread colours into the lives of millions, now and for decades to come.

Asia Young Designer Awards - AYDA International

Asia Young Designer Awards (AYDA)

www.asiayoungdesignerawards.com

The Nippon Paint Creative Colour Awards will be Asia's premier showcase of inspirational colour application in interior and exterior residential, public and commercial spaces. This biennial event will feature a curated collage of great designs globally to reinforce colours as a critical driver for spatial design solutions.

By curating and putting together a list of wonderfully designed spaces with colour as the core design language, the Creative Colour Awards will elevate the importance of colours in paints and coatings amongst industry experts.

More information about the awards will be ready by 2022.
